

MILL HILL

NAME CHANGE

The proposal is for the residential area, as shown on the map*, to have it's suburb name changed from Bondi Junction to Mill Hill.

* map on other side

Why

The name “**Mill Hill**” has long-standing local significance, referencing early land grants as well as the Mill Hill Estate. It is still used in heritage documentation and community references.

Renaming the suburb would reflect the area's historical identity and alignment with the **Mill Hill Heritage Conservation Area** as defined in Waverley Council's planning instruments.

It would not affect postal services, rates, or council representation.

By changing the name it would provide a clearer identity for residents, and better reflect the **Precinct's advocacy** priorities around heritage protection, development, and community engagement.

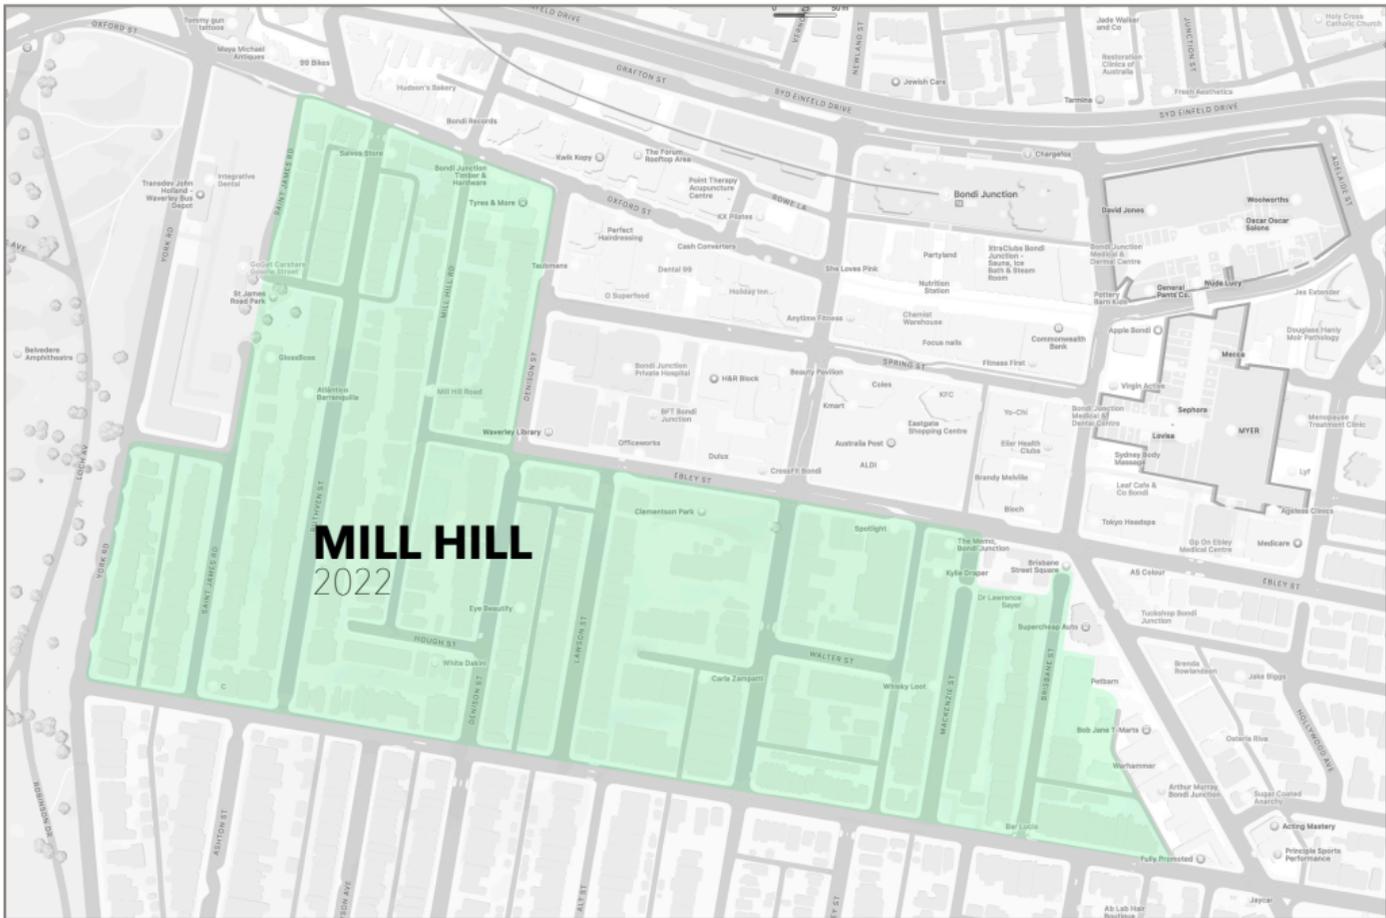

How

**Sign up. Stand up.
Make Mill Hill Official!**

We need 75% of the community within the area identified on the map to support the change of name.
